

"400, 500, 600" SERIES HEAVY DUTY CORRAL GATES

The 2W "400, 500, 600" Series Heavy Duty Corral Gates are ideal for entry into high pressure corral systems and high pressure perimeter gate applications. Made from high strength 2" diameter, 13 gauge round steel tubing. These gates feature heavy duty greaseable, galvanized gate hinges. This ensures that the gate remains securely anchored and continues to operate effortlessly. The gate hinge's threaded rods are 1" diameter, and allow for adjustability in gate width. It is recommended to drill 1½" diameter holes to install. Available with either chain latch, or horse back plunger latch options.

These heavy duty gate are powder coated in 2W's standard **Dark Gray**.

SPECIFICATIONS

"400, 500, 600" Series Heavy Duty Corral Gates

13 Gauge - 2" Dia. Round Steel Tube | Heavy Duty Gate Hinges | Chain, Plunger, or H.B. Latch Options Available

IMPORTANT NOTE: 2W "400, 500, 600" Series Corral Gates utilizes a Chain-Latch Connecting System which allows the gates to be latched to existing panel systems or fence posts. The Chain-Latch Connecting System allows a certain amount of variable adjustability when connecting gates, allowing to adjust for a variety of dimensional constraints. Contact your local 2W dealer for fitment support.

**AVAILABLE WITH CHAIN LATCH, PLUNGER, OR HORSEBACK LATCH.
