

“LEMSCO” SERIES

MEDIUM DUTY ALLEY CONTROL GATE

The 2W “Lemsko” Series Medium Duty Alley Control Gates are an alley gate designed for setting alley widths within a medium stress livestock handling systems. The alley control frame connects to all other “Lemsko” Series Medium Duty products, while the inner gate is operated with a chain latch. Available in 24” or 32” widths. Made from 14 Gauge - 1½” Diameter Round Steel Tube that is laser saddle cut and robotically welded - these medium duty gates utilize leading edge manufacturing practices.

These gate panels are powder coated in 2W’s standard **Dark Gray**.

"Lemsco" Series Medium Duty Alley Control Gates

14 Gauge - 1½" Dia. Round Steel Tube | Robotic Welded Seams

IMPORTANT NOTE: 2W "Lemsco" Series Medium Duty Panels utilize the "Lemsco" Series Connecting System. This system is designed for light stress perimeter and pen applications. The "Lemsco" Series Connecting System allows a certain amount of variable adjustability when connecting panels, resulting in skewed overall dimensions. Contact your local 2W dealer to discuss sizing and fitment options.
