

# "RUSTLER" SERIES LIGHT DUTY GATE PANELS

The 2W "Rustler" Series Light Duty Gate Panels are designed for walk through entry into light stress livestock handling systems. The "Rustler" Series Light Duty Gate-In-Frames utilize a chain-latch system to fasten the gates open or closed, as well as to anchor the gate to existing handling equipment. Variable rail spacing broadens the gates's livestock applications to include small animals such as calves, sheep, hogs, and many more. A panel extension is fixed to the Gate-In-Frame allowing for additional spacing options within a light stress handling system. These gates are powder coated in 2W Blue.

The 2W "Rustler" Series is a great solution for livestock owners looking to purchase widely applicable panels & gates that will connect to existing handling systems.

## UPRIGHTS & RAILS

18 GAUGE - 1½" DIA.  
ROUND STEEL TUBE

## CHAIN

⅜" DIAMETER  
STEEL LINK CHAIN

## J-LEGS

### "Rustler" Series Light Duty Gate Panels

18 Gauge - 1½" Dia. Round Steel Tube | Chain-Latch Connecting System | Simple Bullet Style Hinges

**IMPORTANT NOTE:** 2W "Rustler" Series Panels & Gates utilize a **Chain-Latch Connecting System**. This system allows the "Rustler" Series products to be connected to existing systems. The Chain-Latch Connecting System allows a certain amount of variable adjustability when connecting panels & gates, allowing to adjust for a variety of dimensional constraints. Contact your local 2W dealer for fitment support.
