

CROWDING TUB HANDLING ASSEMBLY

The **2W Crowding Tub Handling Assembly** uses curved panel sections for crowding livestock into an alleyway. A ratchet-style pressure gate provides pressure to the interior of the tub, and offers protection to the handler. Constructed primarily from 13 Gauge - 2" diameter high strength steel tube and 1/4" thick TPO plastic boards this crowding tub will hold up to high pressure corral systems for a long time. "400, 500, 600" Series Hook-Ups are available to ensure compatibility with all 2W heavy duty products.

This crowding tub is powder coated in **2W Dark Gray** and **2W Red**.

TUB FRAME

10 GAUGE - 2³/₈" DIA.
ROUND STEEL TUBE

CURVED PANELS

13 GAUGE - 2" DIA.
ROUND STEEL TUBE

PLASTIC BOARDS

1/4" THICK
TPO PLASTIC BOARD
