

"400, 500, 600" SERIES HEAVY DUTY SPLIT CORRAL GATES

The 2W "400, 500, 600" Series Heavy Duty Split Corral Gates are specifically designed for maternity uses within a corral system. Made from high strength 2" diameter, 13 gauge round steel tubing. These gates feature heavy duty greaseable, galvanized gate hinges ensuring that the gate remains securely anchored and continues to operate effortlessly. The gate hinge's threaded rods are 1" diameter, and allow for adjustability in gate width. It is recommended to drill 1½" diameter holes to install.

These heavy duty gate are powder coated in 2W's standard **Dark Gray**.

"400, 500, 600" Series Heavy Duty Split Corral Gates

13 Gauge - 2" Dia. Round Steel Tube | Heavy Duty Gate Hinges | Chain or Horse Back Latch Options Available

IMPORTANT NOTE: 2W "400, 500, 600" Series Split Corral Gates utilizes a **Chain-Latch Connecting System** which allows the gates to be latched to existing panel systems or fence posts. The Chain-Latch Connecting System allows a certain amount of variable adjustability when connecting gates, allowing to adjust for a variety of dimensional constraints. Contact your local 2W dealer for fitment support.
