

"400, 500, 600" SERIES HEAVY DUTY GATE PANELS

The 2W "400, 500, 600" Series Medium Duty Gate-In-Frames are designed for walk through height (7' 8") entry into medium stress livestock handling systems. The outer frame is offset with a panel extension and connects to all other "400, 500, 600" Series Heavy Duty products with the inner gate being opened and closed with a horseback plunger latch. Made from 13 Gauge - 2" Diameter Round Steel Tube that is laser saddle cut and robotically welded - these heavy duty gate-in-frames benefit from 2W's leading edge manufacturing practices.

These gate-in-frames are powder coated in **2W Dark Gray**.

UPRIGHTS, RAILS, & SPOKES

"400, 500, 600" Series Heavy Duty Gate Panels

13 Gauge - 2" Dia. Round Steel Tube | Horse Back Plunger Latch | Heavy Duty Construction

IMPORTANT NOTE: The "PC Length" or "Post Center Length" dimension is measured from the centers of both attached connecting posts. The standard "Length" dimension indicates the product's actual length without connecting posts. This is very important to understand when allocating space to fit full 2W handling systems. ***These connecting posts must be ordered separate.

It is recommended to contact your local 2W dealer for more information on spacing, and for assistance in planning complete 2W systems.

"400" Series Heavy Duty Gate Panels

Unit #	Description	PC Length (ft)	Height (in)	Weight (lbs)
3121	"400" Series Gate Panel (5 Rail)	8	84	152
3122	"400" Series Gate Panel (5 Rail)	10	84	171
3124	"400" Series Gate Panel (5 Rail)	12	84	198
