

"RUSTLER" SERIES LIGHT DUTY PANELS

The 2W "Rustler" Series Light Duty Panels are an easy to set-up, portable panel designed for use in light stress livestock handling applications. The "Rustler" Series Light Duty Panels utilize a chain-latch system to fasten the panels together or to existing livestock handling assemblies. Variable rail spacing broadens the panel's livestock applications to include small animals such as calves, sheep, hogs, and many more. J-Legs are incorporated to add stability in wet ground conditions. These panels are powder coated in 2W Blue.

The 2W "Rustler" Series is a great solution for livestock owners looking to purchase widely applicable panels & gates that will connect to existing handling systems.

"Rustler" Series Light Duty Panels

18 Gauge - 1½" Dia. Round Steel Tube | Chain-Latch Connecting System | J-Leg Stability Supports

IMPORTANT NOTE: 2W "Rustler" Series Panels & Gates utilize a **Chain-Latch Connecting System**. This system allows the "Rustler" Series products to be connected to existing systems. The Chain-Latch Connecting System allows a certain amount of variable adjustability when connecting panels & gates, allowing to adjust for a variety of dimensional constraints. Contact your local 2W dealer for fitment support.
